WITH CLEVELAND'S FRIENDS.

They Hold an Informat Caucus and Give

Out Some Information. CHICAGO, Ill., June 20.—An informal caucus of the Cieveland leaders was held at ex-Secretary Whitney's rooms this afternoon, in which, after a careful examination of all the figures, it was announced that 556 of the delegates who will go into the convention tomorrow are undoubtedly for Cleveland and that thirty-ix more are probably for him, making a total of 593 on the first ballot, or within seven of the nominating amount.

It was understood that these thirty-six doubtful ones are to be seen by some of the gentlemen present at the caucus before the convention opens tomorrow, and the list was accordingly divided up, so that each missionary would have his own work to do.

Mr. Whitney announced that Cleveland was within seven of the necessary twotairds to secure his nomination, and he called upon his friends to see to it that the seven were secured before the convention opened tomorrow.

Whitney and Gray.

He was asked by one of the gentlemen present at the caucus whether Indiana had withdrawn Gray. Mr. Whitney replied that he understood that Senator Voornees and advised Governor Gray not to permit his name to go before the convention for the presidency, and while Governor Gray had not been heard from in reply to the telegram, he was satisfied that the name would not be Presented.
He was asked whether any pledge had

been made by Cleveland's friends to the Gray men, and he said that none had been made, although the logic of the situation made, attough the logic of the status would naturally bring the vice presidency to Indiana. Mr. Whitney was understood to say that Indiana proposed to give her full thirty votes to Cleveland and that under the circumstances the fact should be recognized.

The Gorman matter was taken up, and one of the gentlemen present said he had assurances that Gorman was not a candidate from the senator himself, "It is even said that Gorman is willing to nominate Cleveland, or to second his nomination. I underatand that Senator Gorman has said this to one of the members of the Nebraska delegation, in which he certainly can have three or four votes, and I am told that be has advised his Nebraska friends not to vote for him," said Mr. Whitney.

Figures of the Opposition.

Another of the officers under Clevland had in his hand what he said was the anti-Cleveland poil, as read to the silver meeting this afternoon, which claimed 372 votes in the convention against Cleveland if Gray and Gorman could be kept in the field. The fact that Indiana had taken Gray out of the running took seventeen votes from this esti-

would possibly be asked so long as it would not affect the main question—Cleveland.

After the meeting Saturday one of the participants is said to have met Senator Voorhees of Indiana and to have asked him why he had advised Gray to get out of the way. The senator is quoted as saying: "I have no longer any doubt should Cleveland's have no longer any doubt about Cloveland's nomination and I would be a very poor friend of Governor Gray if I did not tell him the truth about the situation here. We can make him vice president. Siere than that we cannot do."

ANTI-CLEVELAND FORCES Casting About for the Most Available Man

on Whom to Unite. Unicago, Ill., June 20.—It is still insisted by Gorman's friends that the presentation of his name is yet an open question and Gorman Maryland delegation met this morning simply for the purpose of organization. It is understood the result of the canvass in his interest showed weakness in some places and that the movement in his behalf, if -developed, would result in throwing the -yotes of other men to Cleveland. The oppo-Sition to Cleveland, finding the Gorman feeler did not elicit special enthusiasm, turned over to the lowa idol, Governor Boles. The effect has been to give increase prominence to Boies' boom and to give aid nd comfort to the managers of his interest

More enthusiasm has been attached to his cause than to any other except Cleveland. Scattering support for Boles has been secured from various sections where there is Cleveland opposition. They have met with the most encouragement in the Rocky Mountain region, the southern delegates not being so well acquainted with him. But this morning they were cheered by the news that the South Carolina delegation, fearing Cleveland's strength, was willing to give Boies twelve votes. It was also reported that Brice and Watterson were friendly toward the Boies movement, and were ready to assist it. The Boies men claim thatin Virginia, where the fight between Hill and Cleveland is very warm and in doubt, some votes may come to the western

A member of the delegation from Iowa says Chairman Shields has received intimations that Brice and Watterson would threw votes to Boies and gave him the opinion that by a combination on Boies in the west and south, with Hill controlling New York and some other votes, Cleveland's nom-ination would be prevented in the early ballots and the rest would

take care of itself. The California delegation is bound to Cleveland by qualified instructions. Some of the members would like to go to Boles, who as a western man and friendly to silver garded with interest. Delegate Foote Oakland, one of these, ex-les doubts about Cleveland's availability. The silver issue he says, weakens Cleveland. Foote says Boles would get his vote if he were not in-structed for Cleveland. Cartisle is opposed to the Boles movement.

GRAY ISN'T IN IT.

The Indiana Delegates Agree Not to Report the Governor's Name.

CHICAGO, III., June 20.-One of the sur

prises of the morning was the statement by

Taggert, national committeeman from Indi ana, that the thirty votes of that state would be cast for Cleveland on the first ballot and Governor Gray's name would not be brought before the convention. He says Voorbees agrees with him that would not be a friendly act to introduce Gray's name, and Taggart thinks Voorhees has made up his mind adverse to the governor to that effect. Taggart de clares that Voorhees, from a careful ex-amination into the situation, has become convinced that Cleveland and nobody else can be nominated. Gray's friends have examined the position carefully, see nothing in it but Clevelands and do not propose to sacrifice their friend, Governor Gray, in an unavailing candidacy. Taggart has no doubt that Gray himself will

agree with his representatives here that they are doing the wisestthing not to present his name. He declares that no understand his name. He declares that no understandlog has been reached as to second place
for Gray. The only point arrived at is
that the country demands Cloveland before
any other man. After Cleveland's nomination, the question of second place will bring
into consideration Gray's unbounded strength
is Indiana, where the chief battle ground
after New York will be.

Said to Have Pincated Pintt. Naw York, June 20 .- The Herald says: Ex-Senator Thomas C. Platt received his first overture from the Harrison administration yesterday. Secretary Benjamin F. Tracy met him at the Manhattan Beach hotel and they were in close consultation for two hours. The conference was a satisfac-tory one. As a result of it Mr. Tracy left the hotel shortly after it was over, although

he had expected to spead the night there, and took an evening train back to Washing-ton to carry the news to the president. Just what was asked of Mr. Platt and what was promised to him it will be impossible to say until these things develop during the ap-proaching campaign. It is understood that Mr. Tracy came here with the express pur-pose of taking initiatory steps to placate the man who controls the republican machine in this state. That Mr. Platt was willing to receive the secretary and talk over the situa-tion in good spirits is the best of evidence, say the politicians, that he is in a frame of mind to be placated.

PERMANENT CHAIRMAN.

L. Wilson of West Virginia Booked for that Honor, CRICAGO, Ill., June 20.-Between 9 and 10 cleck tonight representatives from all the state delegations assembled at the Richelieu hotel in meeting with Mr. Whitney, Mr. Fairchild, Judge Herrick and other friends of Mr. Cleveland.

To the Associated press representative at 11:30 Secretary Whitney said: "In view of the situation as it is now known to exist there will be no contest for temporary chairman, which means that Mr. W. C. Owens of Kentucky will be the temporary chairman. It has been determined also at the meeting tonight by the representatives of the states who turned in accounts that the absolutely sure vote for Mr. Cleveland is 601, which is two beyond the necessary two-thirds necessary to nominate, and that the permanent chairman shall be William L. Wilson of West

Virginia.

"Last night we counted 569 for Cleveland.
Tonight as I have said, we are absolutely sure of 601 votes which cannot be touched or passed by any influence which may now be brought to bear upon the men who represent these votes. In this we count from Indiana thirty votes, from Ohio sixteen votes, from Kentucky eighteen votes, from South Carolina one vote. In the 691 for Mr. Cleve-land are thirty votes of Indiana, but we have not relied upon any from Maryland or from any other doubtful locality. These 601 are absolutely certain.

are absolutely certain.

"Governor Leon Abbett of New Jersey will deliver the speech nominating Mr. Cleveland. There will be many seconding speeches, and among them I remember the name of Mr. McKenzie of Kentucky. The platform is formulated taus far: Various states have brought here resolutions which they wish embodied in the platform; these I have caused to be printed for the convenience. have caused to be printed for the convenience of the resolutions committee."

NO COLDNESS ABOUT HARRISON.

Depew Relates How Emmons Blaine's Death Affected the President.

NEW YORK, June 20.-Chauncey M. Depew returned from his trip to Washington last night. To a reporter he said: "The position of secretary of state is the most important place in the cabinet of the president, probably the second place in importance in the entire government. It is an appointnent of which any man must be proud.

"And you will accept the place?"
"Now," said Mr. Depew, laughingly, "you are getting ahead of me. I have not said the portfolio had been offered me yet, and there are very, very many matters I must consider before I can say what answer I should give to the offer. I am not a rich man, and I cannot afford to leave my business future out of consideration.
"I have never in my life been so thoroughly

impressed by the greatness of President Harrison as I was during my long interview with him yesterday. I was alone with him when the message announcing the sudden death of Emmons Blaine came. Some men have accused him of being a cold man who would never repeat that accusation if they had been with me. The eyes of the presi-dent filled with tears, and he spoke to me with such an evidence of grief and sincerity at the severe loss of Mr. and Mrs. Blaine, that I could not but wish they had been there to bear what he said.

"The president at once dictated a message of condolence and he did not recover his spirits during the rest of our conversation. The reason many people call him cold is be-cause he is so frank and transparent in all that he does, I have known personally all the presidents since Lincoln, and I say to you frankly I have never known one so out-spoken as Benjamin Harrison. No man could fail to feel honored if invited to serve such a president in the most important position in his cabinet."

BRYAN WAS THEIR CHOICE. He is Renominated by Democrats of the

Fifth District. NEBRASKA CITY, Neb., June 20 .- [Special Telegram to Tue Bez.]-The democrata owned the town today. The occasion for this unusual state of affairs was the fact that the democratic congressional convention for the First district assembled here. The advance guard of delegates arrived early in the morning but as everything had been fixed there was no occasion for their early arrival. The Lancaster delegation which tonight brought Mr. Bryan to the city was met at the depot by the Lincoln band and delegates and escorted to the Grand Pacific hotel, where Mr. Bryan took quarters.

The nelegates then repaired to the opera house. Killiger of Nemaha was chosen tem-porary chairman and «C. B. Grimes of Cass secretary. There were no contests and the committee on credentials soon reported. The temporary organization was made perma nent and the committee on resolutions re ported, reassiming its belief in the democ racy, abusing the republican party and declaring virtually for free silver. J. D. Calhoun of Lancaster placed Bryan

in nomination in a well worded speech which was seconded by C. W. Sherman of Plattsmouth. Mr. Sherman evidently for got where he was and talked until down. Other seconds followed and Bryan During the wait for Bryan's appearance

loud calls for J. Sterling Morton were un-needed by the chair. His well known ideas on the silver question did not suit the Bryan nanagers, so he was not recognized. Bryan finally appeared and accepted the nomina-tion. He spoke this evening at the court house, giving vent to his free trade ineas. Mr. Bryan left tonight for Chicago, where, it is said, he will join the Boies boomers.

NEBRASKA WILL SPLIT.

Boyd and Three Others Will Vote for Gorman-Twelve for Cleveland, CHICAGO, Itt., June 20 .- The poll taken in the Nebraska delegation this evening is strictly in line with the information sent out in these dispatches yesterday. The delegation stands twelve for Cleveland, three for Gorman and one for Pattison of Pennsyi-

Nebraska does not believe in the unit rule and its vote on the first ballot will accordingly stand as stated above. One of the Gorman mea is Governor Boyd, who said:
"It is with us merely a matter of personal judgment. We doubt Cieveland's ability to carry New York and we are trying to suggest to the country some man outside of that state upon whom both factions can unite. If Gorman is not the man the man who can carry New York will have our support."

TAMMANY TALKS.

Circular Issued from its Headquarters in

Response to Inquiries. CHICAGO, III., June 20.-Tammany is given much to shouting but little to talking. Tonight, however, they concluded that the claims of the Cieveland literary bureau mer-ited some rebuke and issued the following

ROOMS OF THE NEW YORK STATE DELEGATION, CHICAGO, Ili., June 24.—In reply to inquiries addressed to us by delegates from states instructed to vote for Grover Cleveland of New York, the delegates of New York, with a deep sense of responsibility to the democracy of the United States, are constrained to make answer that in our best judgment Mr. Cleveland's nomination would imperil the success of the party and would expose it to the loss of the electoral vote of the state.

How Missouri's Vote Will Go. Cuicago, Ill., June 20 .- The long debate over the instructions in the Missouri delegavote as a unit for Cleveland as long as his name was before the convention.

Curcago, Ill., June 30 .- Enthusiasm at the Boies headquarters was stirred up to white neat today when Delegate Thomas of South

Carolina made his appearance at the Iowa headquarters and whispered to the chairman of the delegation that South Carolina had voted to cast twelve of her votes for Boies. When the chairman made the announcement to the delegation the room rang with the wildest of cheers. There were assurances that further votes would come from other southern states, all of which filled the Boles heart with hope and expectancy.

FOR VICE PRESIDENT.

Gentlemen Who Are Willing to Take

Second Place. Curcago, Iil., June 20.—Now that Gray is out of the running for the first place upon the democratic ticket it seems to be generally conceded that he has become a candi date for the vice presidency. At a late hour Senator Voorhees said: "The solution has not changed so far as I know, and while the Indiana delegation may very possibly vote as a unit, it remains to be seen just what they will do. Indiana ought to have the presidency; but if the presidency goes to the east good politics demands that Indiana should have the vice presidency." It is understood that a rather formidable

movement has been begun in the Indiana delegation for Bynum for the vice presidency on account of his labor record. Congressman Bynum, who is in Chicago, does not encour-

age the movement at all.
"In the Iowa delegation the landslide toward Cleveland has been noted," said George Speer of Nebraska. "lowa wants Boles and may get him, but if he does not reach the first place he should by all means have the second. The democracy wants the northwest. There is one, and only one man, who can bring it in, and that is Boies. I don't think the party will be so foolish as to forget this fact. Boies must be for the first place if we can get him there; if not for the

CLEVELAND WINS A SKIRMISH.

Pennsylvania's Delegation Instructed to

Vote Solidly for Grover, Curcago, 111., June 20.—A signal victory for the Cleveland forces was fought and won almost without a struggle today. It was on the question of the unit rule in the Pennsylvania delegation. It was undorstood a strong effort would be made to break the unit rule in the Keystone state and the result here, it was thought, would be imitated in other delegations. After disposing of the selection of committeemen a resolution was offered that the chairman of the delegation be instructed to poll the solid vote of the delegation of instructed to poll the solid vote of the delegation for Cleveland until he was nominated, or until otherwise instructed. A motion was made to amend by inserting the name of Governor Pattison instead of that of Clevelend. The amendment was lost, and the original resolution, which guaranteed the solid vote of Pennsylvania for Cleveland, was passed by a vote of 58 to 4.

Efforts at Reconciliation. CHICAGO, Ill., June 20.-It is understood that an attempt is being made tonight to reconcile the troubles within the democratic party in New York in the interest of harmony and success in the national elections. An amicable arrangement is being sought. The nomination of Cleveland is conceded, and it is said that members on both sides bave urged Senator Hill to withdraw his name and permit the vote of New York to be given to Cleveland and the nomination made practically by acclamation.

Will Notify Reid Today. WHITE PLAINS, N. Y., June 20 .- The committee of the national republican convention to give Mr. Whitelaw Reid the official notification of his nomination as vice president will arrive here tomorrow from New York, and will proceed immediately to Ophir farm. The formal ceremonies will be short and the committee will return to New York on the train leaving here at 4:35 p. m., in time for the ratification meeting in Music nall.

For sale by all druggists. 50 cents. AT THEIR SON'S BIER,

Mr. and Mrs. Blaine and Family Arrive in Chicago, Chicago, Iil., June 20. - Ex-Secretary Blaine, Mrs. Blaine and daughter arrived in Chicago this evening to attend the funeral of Emmons Blaine. The party was met at the depot by Cyrus H. McCornick, jr., brother of Mrs. Emmons Blaine, and James G. Blaine, jr. The latter had arrived in Chicago but an hour previously, and at once set out to meet his father, mother and sister.

On seeing his son the ex-secretary grasped his hand with affection, and for a moment his face showed evidences of deep anguish. The family was then driven rapidly to the McCormick residence. There for a short time father, mother, brother and sister were left alone. An hour after arriving Mr. and Mrs. Bisine retired to gain a few hours

much besoded rest.

"Mr. Blaine," said Cyrus McCormick, "as well as Mrs. Blaine and her daughter, stood the fatigue of their long journey remarkably well. Mr. Blaine was feeling unusually well, so far as his boully health is concerned. Of course, none can estimate the shock and anguish the sudden death of his son has caused him. The wonder is that the man is able to bear up at all. And that he has done so is another evidence of his remarkable spirit and indomitable courage. The funeral takes place at 2:30 tomorrow to Graceland cemetery.

EARLY CONSUMPTION.

A Curable Disease If Properly Treated-Miss Maggie Burnett Found Help After Being Given Up by Several Leading Physicians-Special Methods Cure Where the Old, Routine Practice Utterly Fails,

[The important thing in cases where catarrhai trouble causes loss of desh and strength and the patient has consumptive tendencies is to place that patient at once mode influences that will restore the defective nutrition. The reason that so many people die of consumption, which kills so many it that the warning stans are not heeded. People are not sufficiently informed on this subject or else do not give heed to the information they have and allow the catarrh to extend until it is too late. Two-thirds of the deaths from Jung trouble might be avoided if the catarrhai conditions which lead to it were treated and cured.]

Miss Maggia Rusmatt of Red Oak

Miss Maggie Burnett, of Red Oak Iowa, has been under Drs Copeland and Shepard's treatment for catarrh and lung disease for several weeks. She makes the following statement of her caso:

(MISS MAGGIE BURNETT.)

"I cannot remember when I was not weak and sickly. From a cuild my bealth was very poor, so that I could go to school but a little while at a time. It was thought I had inherited consumption.

"My firstsymptoms were hawking and spitting of mucus from the throat and nose. Soreness of the chest and lungs and a slight cough. My stomach was very weak and appetite poor. I was very weak and short of breath, and slight exertion utterly exhausted me.

"Later on, I began to have chilis and fever, with night sweats. With these came loss of fiesh, a pale and unhealthy color of the skin, and ALL THE SYMPTOMS OF A DECLINE.

"I was placed under the care of the leading physician of our city, who, after treating me a while, plainly told me that he could not help me as I had inherited consumption. Another physician of equal reputation told me the same. It was indeed a gloomy outlook.

By the advice of a friend who had herself received help from Drs. Copeland and Shepard. I began their system of treatment. The results have been surprising. My appetite and strength have returned. I am daily feeting better. I gained nine pounds during the first month. In short I know I am rapidly getting well, for all those distressing signs of consumption, which so long worried me, are entirely disappearing. I have found unlocked for aid in the special treatment of Drs. Copeland and Shepard."
